MUHLENBERG TOWNSHIP  
HIGH SCHOOL  
VOLUME 30

*Editor's Note*

The staff of the 1972 *Muhltobi* has instituted a major change in the format of the yearbook. It reflects the drastic changes which are taking place in our educational system. Three divisions — Fall, Winter, and Spring — have been substituted for the five divisions of previous years. We feel that this format provides a natural background for our theme . . .

## *Fall*

We passed through the first long week with spirits high — reviving old friendships, beginning new ones . . . hoping for easy schedules and the three o'clock bell on Friday afternoon . . . wishing the weather would turn cool . . . counting the days until Thanksgiving vacation. We came doubting that this year would be different. And yet it was. The cross country team won a division championship and went on to compete in the state finals. The Senior Class Play, "Kiss and Tell" was a laugh-filled success. The girls' hockey team won the title in their division.

Our new football coaching staff inspired our praise and built our hopes. Some new clubs were introduced, and academically there were new courses to supplement our already fine program of study.

Fall was a season of champions — in sports, in dramatics, in scholastics. Fall was a season of change — in football, in courses, in activities. Fall was a season to remember.

## *Administration*

This year the administration at Muhlenberg took on a more difficult task than ever before. It was their responsibility to prepare for an entirely new educational system. With great determination they planned steadily for the reassignment of faculty and students to the new high school and the new middle school. The challenges of supervising the ordering of texts and materials was a difficult one, as were the necessary changes in curriculum. The addition of an Administrative Assistant in Charge of Curriculum made much of the work easier for everyone.

## *Administrative Staff*

The Guidance Department plays a role vital to the success of the school's academic program. Devoted attention is given to college-bound students and to those seeking vocational employment. The counselors create an atmosphere in which a multitude of student problems can be solved.

For those with learning difficulties, a new program of Special

Education was also instituted.

Medical attention is given to students by the school doctor and nurse. First aid, eye and hearing tests, height and weight records, as well as physical examinations are among the many services they provide.

### *English Department*

English involves much more than traditional grammar and literature. It involves communication, the very essence of today's world. In an effort to heighten our abilities to communicate, a speech and drama course was added to the curriculum for the 1971-1972 term.

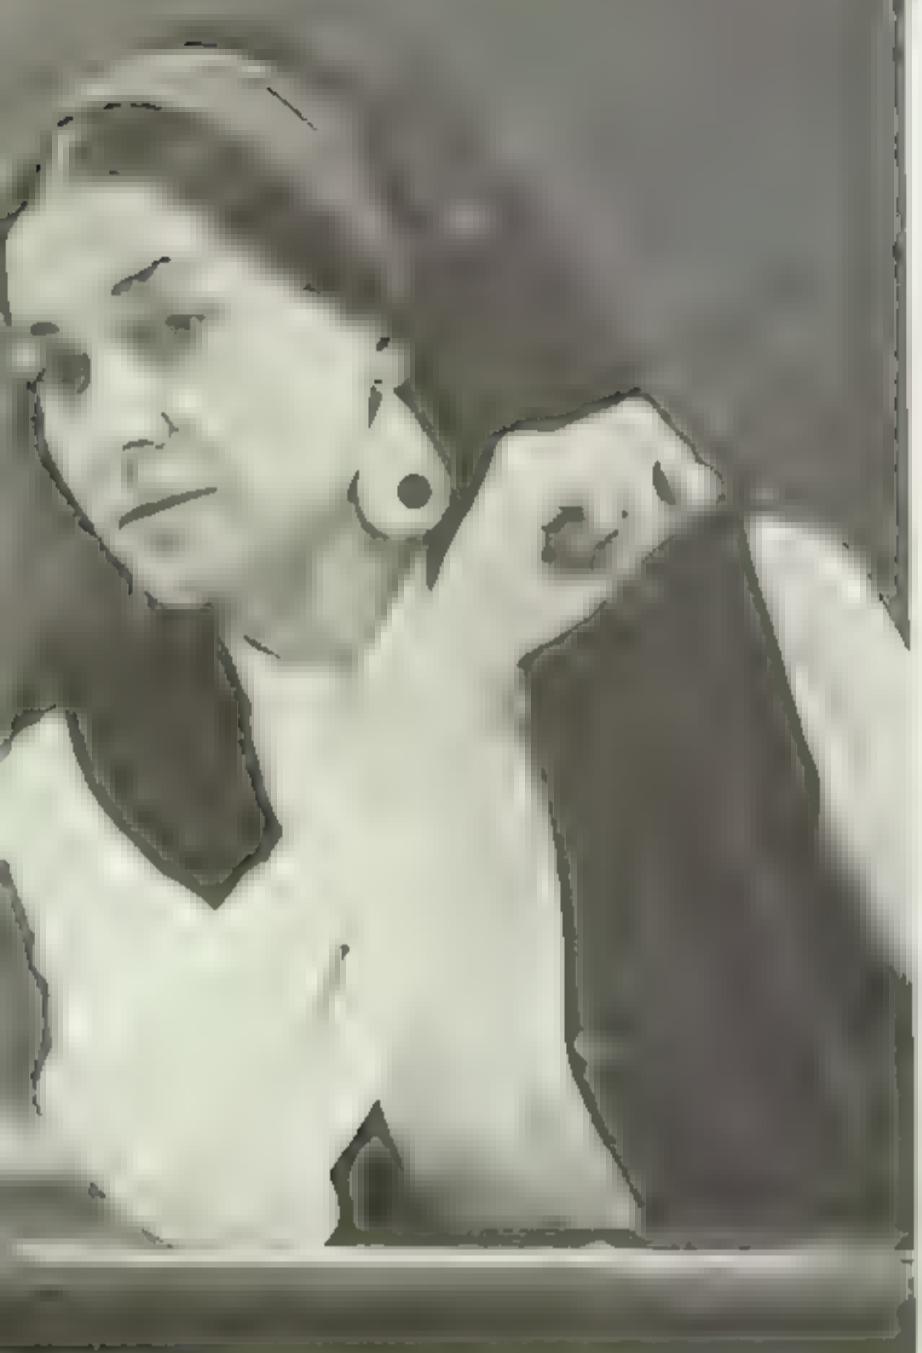

This year the English Department was also concerned with developing the new mini-courses to be initiated next year. Underclassmen were counseled and surveyed to determine the number who would elect each course in grammar, literature, writing, speaking, and drama. Our English Department faculty has made tremendous advances in its teaching system and deserves recognition for its attempts to bring people closer together through language.

The corrective-remedial reading program at Muhlenberg is a vital segment of the English Department. This program attempts to satisfy the needs of students who have difficulties in understanding textbooks. Its purpose is to teach study skills, vocabulary development, comprehension, and appreciation of literature and of reading.

## *Social Studies Department*

Whether it be on the local, state, national, or international level, involvement is the key to our turbulent world. But we cannot begin to unlock the secrets to world peace until we understand ourselves and our society and how we relate. The Social Studies Department attempts to fulfill this obligation in addition to informing us on current events and providing us with the background which we need in order to search for solutions to today's pressing problems. They provide us with the knowledge and understanding which is essential to our survival in this time of constant conflict.

We can only hope that their efforts will provide us with a better understanding of the world around us, from the poison of a snake to the identification of an acid, to the principle of a pulley. We learn through them that science is no longer the pointless study of the cell or an abstract theory of energy, but an adventure into the very real relationship between ourselves and our environment.

## *Math Department*

As we progress through the educational levels, we may begin to wonder what significance the infinite number of facts and figures will have in our lives beyond high school. Numbers, terms, theories and formulas form vague and confusing concepts as we try to untangle each new and challenging problem.

Our Mathematics Department attempts to fuse ancient principles with current situations to bring problem-solving back to reality. The most recent offshoot of this practical approach to mathematics is the Computer Math course - an indication of our technology-oriented society. Perhaps those strange mathematical symbols have a place in our world after all.

Many students may fulfill their dreams by visiting France as well as Spain, Germany, and Italy during Spring vacation.

In addition to the established courses in Spanish, German, and Latin, Muhlenberg now offers French as an elective. The Foreign Language Department develops communication to its highest degree by helping to bridge the gap between distinct cultures.

## *Football*

Success in sports requires years of diligent, arduous practice, enthusiasm, and the desire to strive toward the goal of championship. Although the 1971 Muhlenberg team had that long journey upward with a largely inexperienced team, they soon earned valuable experience for themselves and a worthy reputation for Muhlenberg. Coach Dipietro, held in high esteem by the fans as well as the team, invited our boys to complete a respectable season.

## Cheerleaders

A Muhlenberg cheerleader must perform a most difficult task, one which is neither glamorous nor well received. She is responsible for inspiring the spirit in 1200 athletic students. According to her, who he knows that there is no sight like watching two boys stand over women after they have won at a football game. In addition to this, she must teach the cheerleader classes, physical education, and music, in order to perfect the precision of this essential activity.

With the arrival of fall and the football season comes the traditional celebration of homecoming. Muhlenberg alumni return to enjoy the colorful parade, the burning of the "M" at the pep rally on the football field, the Student Council-sponsored dance, and, finally, the big game. But perhaps the most enjoyable activity of homecoming is the selection of the queen and her court. This year, beauty, wit, personality, and talent were considered when Denise Hasenauer was chosen to reign during Homecoming weekend.

## *Winter*

Fall finally passed, and winter settled in. We returned from a snowy Thanksgiving to find what the season had brought. Basketball and wrestling replaced football and cross country; the girls traded in their hockey sticks for basketballs; biting winds and bitter cold brought their share of colds and flu. And yet so many things never changed: waiting for three o'clock, counting the days until vacation, praying for a day off.

Christmas vacation was a welcome break, but it foreshadowed the calm before the storm. The coldness of the season was accompanied by the seriousness of education — homework, term papers, reports. Sports were a relief from all these pressures. The wrestling team and the girls' basketball team won championships in their divisions and the boys' basketball team provided many exciting games.

Dramatic presentations added to the winter schedule of entertainment. The Junior Class Play, "Bertha, the Beautiful Typewriter Girl" and the Faculty Play, "You Can't Take It With You" boasted of great success.

Winter was a season of hard work — in scholastics, in sports, in dramatics. Winter was a season of success — in sports, in dramatics, in activities. Winter was a season to remember.

VED SEATS

As we trudged through those long days of knee-deep snow and homework up to our ears, it was nice to find a bit of relief

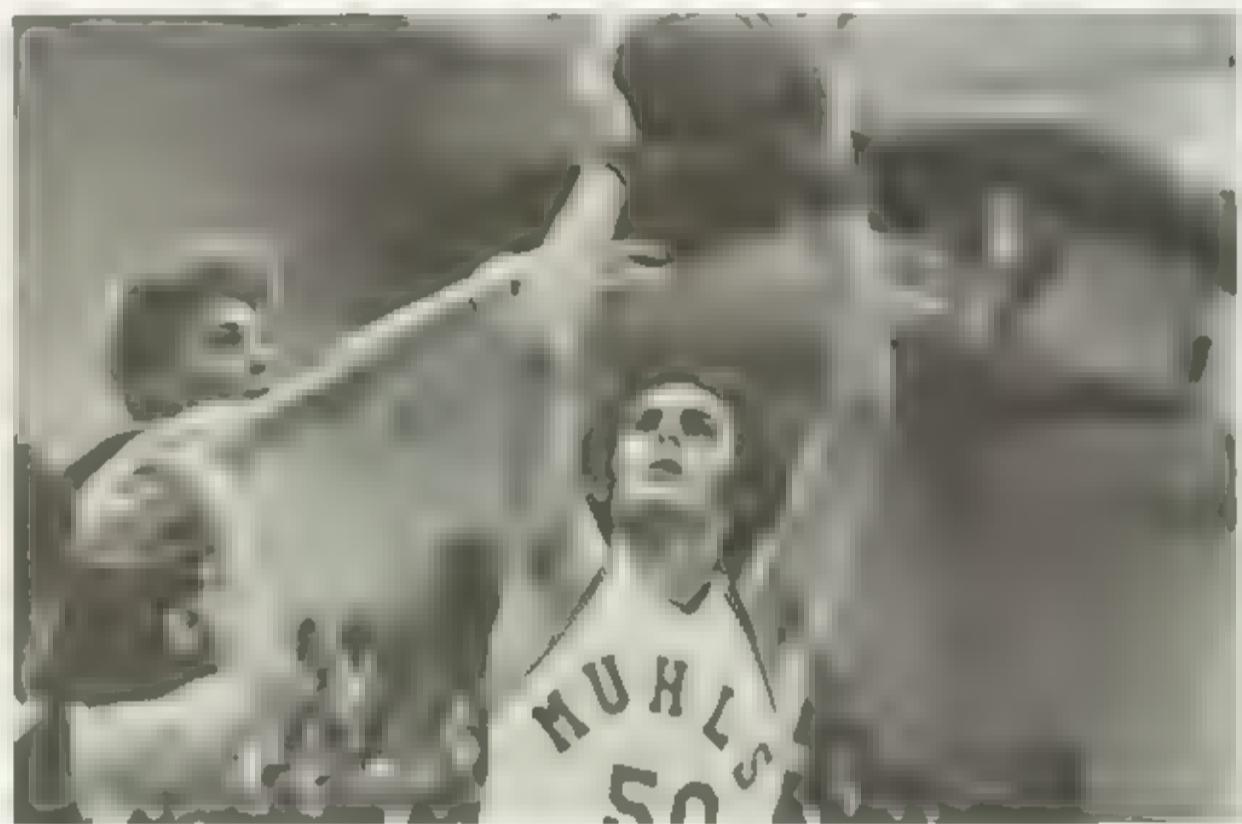

## *Basketball*

Determination and perseverance paid off for Muhlenberg's basketball teams this year. The varsity squad won a majority of their games and carried a great deal of experience. Next year should prove even more exciting as four of the five top scorers will be returning.

The junior varsity squad proved their basketball ability by claiming both the Western Division and County JV championship ships.

## *Girl's Basketball*

Teamwork, long hours of practice, and many months of hard work finally paid off for our varsity players. The girls worked steadily through the season earning victory after victory. The team succeeded in winning the Division II championship along with the pride and support of the entire school. It was also to their honor that they were awarded the right to compete in the first girl's basketball playoffs ever held in this area.

## *Wrestling*

Wrestling gained new significance this year. The team's success was seriously jeopardized by several off-the-mat injuries, but these young men went on to earn great recognition with an undefeated season and a tie for the Western Division championship.

This year's junior varsity team had a nearly perfect record of wins. They lost only one match in league competition.

Melville's swimming team has completed its second year of steadily working and building for the future. Coach Gerald Snyder and his boys practice daily at the Jewish Community Center. Next year however, the pool at the new school will prove to the team with even more opportunity for improving their skills. We are all looking forward to the new school so we can take advantage of the swimming facilities.

## *Bowling*

The predominately inexperienced bowling team improved their skills immensely despite the lack of school support. The bowlers did however manage to gain a second place in league competition. With all the hours of practice that these boys put in at the local bowling alley, they came very close to a title. Only a few pins kept them from that all-important win.

## *Junior Prom*

The snowy landscapes of Heidelberg Country Club provided the backdrop for a evening filled with unforgettable memories. For some, foot魅tive powers and foxes added to the interest and beauty of the Junior Prom. For others, they served to enhance the romantic overtones of the Fisher-Tillman Orchestra.

### *Junior Class Play*

The junior class brought to Muhlenberg its second dramatic hit of the year. The old-time melodrama, with its moustache twirling villain, righteous and upstanding hero, and virtuous and beloved heroine, had the entire audience boozing, cheering, and roasting with laughter.

## *Yearbook And Observer*

The never-ending demand for words, pictures, copy, layouts in the rush to beat the deadline took something special from every one of us. That something will remain forever in the pages of this book, a fond memory of our days at Muhlenberg. Long after the bad times have been forgotten, our joys and victories will endure.

## *Student Council*

Homeroom representatives and council officers worked hard all through the year. They sponsored countless activities, from homecoming festivities to student lounge. They also furthered under-

standing between students and administration through the Student Faculty Advisory Committee.

## *Debating Team*

This year's varsity and junior varsity debate teams contended for the championship of the Berks County Debating League. The varsity members were tied for the first place. Although seldom given much recognition for their talents and above average ability in debate techniques, these students brought honor to Muhlenberg.

## *United Nations Club*

The 1971-72 U.N. Club has been very active in several model U.N. conferences, both on a county and a national level. They also participated in a C.R.O.P. hunger march for the poor and collected over \$1,000 for the U.N.C.E.F. with the aid of elementary school students.

## *Service Organizations*

Service to the school and the students is provided not only by the faculty, administration and supportive staffs, but also by the students themselves. Many of these young people work diligently during their free time throughout the year to keep the school functioning smoothly.

The ever crowded halls, the constantly increasing demand for audio-visual equipment, and literary materials, and our growing number of stage productions demands a large amount of time and effort from a great many students.

## *Science Club*

One of the most active organizations at Muhlenberg is the Science Club, the MSC. Students are given the opportunity to increase their knowledge of the scientific world through field trips to reptile houses, zoos, and caves. They also participate in basketball, bowling, and other leisure time recreation.

## *Future Teachers Of America*

The members of the FTA are preparing to become the educators of tomorrow. They have developed a variety of activities to aid them toward this end, including a large-scale tutoring program. The students from the club utilize their free periods to help children from the elementary schools to improve their scholastic skills.

In answer to the great demand, a drama club was established this year at Muhlenberg. The instructor for the drama course became the advisor. The officers and club members were introduced to many theatre-oriented activities, including role-playing, improvisations, summerstock and community theatre. They also were given the opportunity to act in, and direct their own plays. Later in the year a competition for one act plays was attended.

## *Spring*

Winter hung on, refusing to acknowledge the arrival of a new season. Spring vacation came just in time to rescue us from the drudgery, but our return plunged us once again into misery.

Soon, however, the signs of warmer weather began to appear. Our minds wandered from books and studying as we counted the days to the end which seemed so far away.

The Muhl Revue, Project Celebrate and award-winning sports events provided welcome relief during those last few weeks. But nothing can match the emotion that is felt when that final bell rings.

Spring was a season of victory — in sports, in entertainment, in scholastics. Spring was a season of finals — in courses, in sports, in activities. Spring was a season to remember.

Along with the traditional signs of spring — flowers, birds, budding trees — Muhlenberg's students acknowledge their own conventions. Warmer weather is on the way when these scenes become evident.

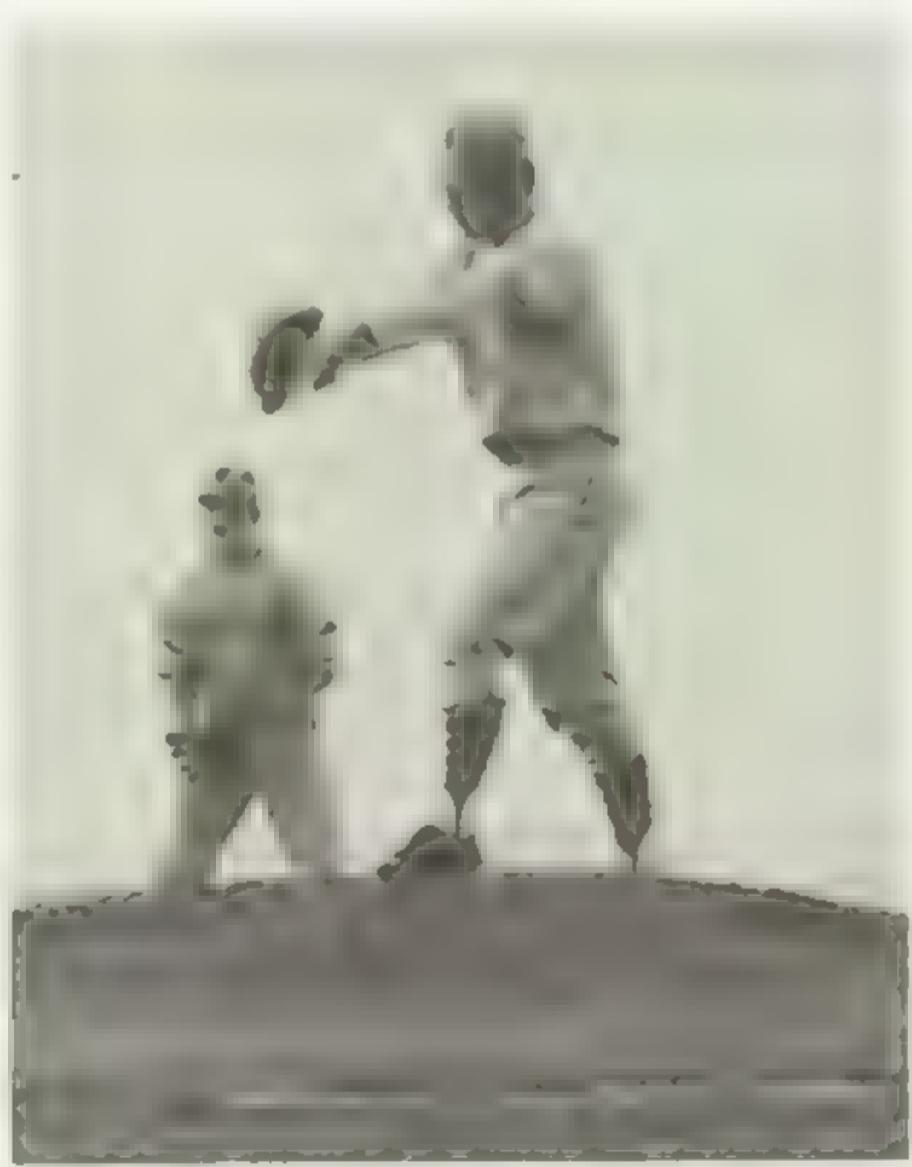

*When Muhlenberg Pitches,  
It Might Just Be a "No-Hitter"*

## *Baseball*

This year's baseball team used the talents of excellent batters, fielders, and pitchers to play to a winning season. Each member put out great effort in improving his own skills as well as cooperating with the rest of the team to fulfill his hopes for a victory. Two no-hit games in a row were something new for this team, but even these were only a part of the totally great season. The baseball team went into playoff games, winning first the Northern Division, then the League title.

*Enough Runs and Enough Hits to Win the Title*

*A Perfect Record,  
They Won All Five  
County-Wide Meets*

## *Track*

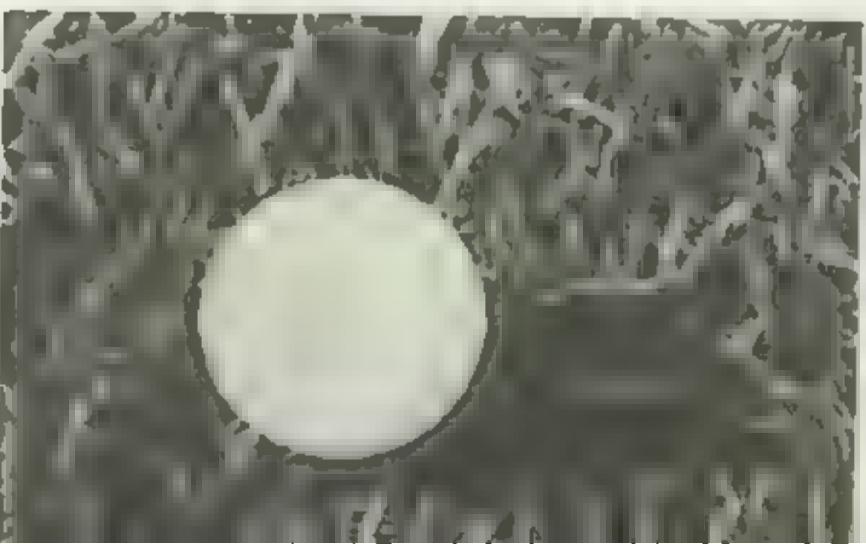

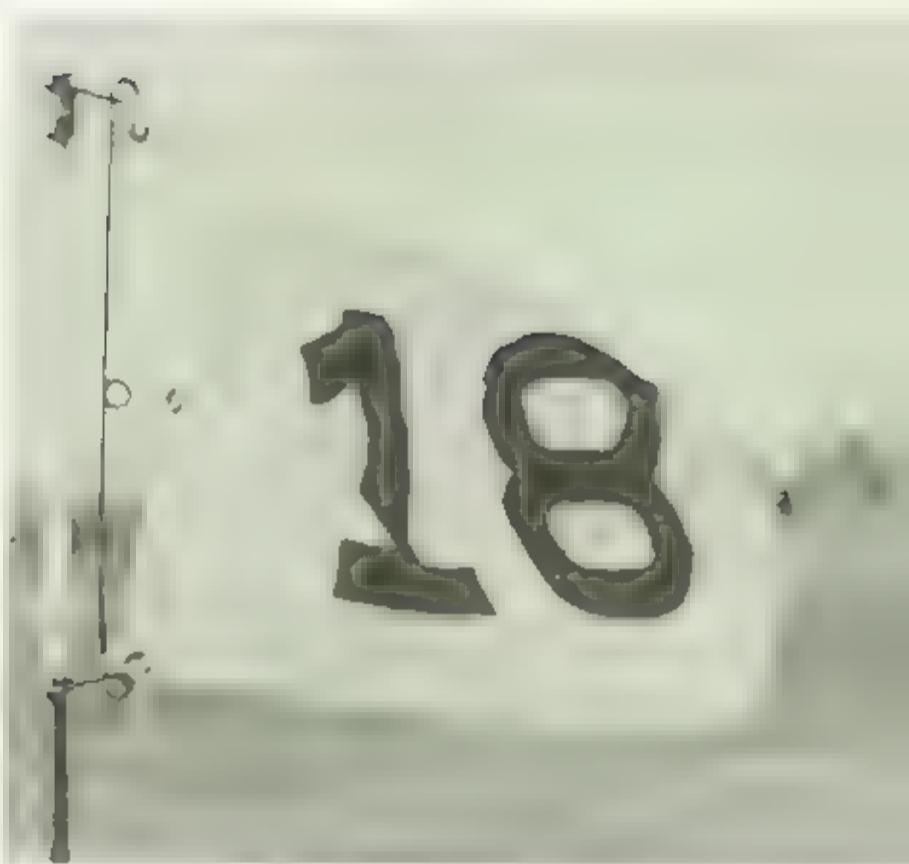

There is only one word to describe the Muhlenberg track team — FANTASTIC! Their outstanding abilities, undying spirit, and determination to win has brought well-deserved praise to themselves and their school. The threatened records and the broken records, as well as competition in the State Meet were only a small part of one big exciting season.

*In Fact,  
This Year

## *Quiet Accuracy and Extreme Concentration*

### *Golf*

Golf is not considered one of the most exciting spectator sports by many people, and golfers seldom receive the same glory and praise as quarterbacks or centers. Nevertheless, this sport requires just as much skill, training and ambition as any other. Muhlenberg's team deserves recognition for the unending determination of its members.

## *A Sport of Skill and Agility*

### *Tennis*

A sport requiring intense concentration, lightening speed, and perfect coordination — this is tennis. Muhlenberg's players combined all these qualities with plenty of hard practice to compete favorably in their matches.

*Dancing, Singing or Telling Jokes,  
This Evening Was Our  
Own Creation.*

## *Muhl Revue*

The singers, dancers, and comedians of the 1972 Muhl Revue were a great success. The cast, consisting of students from every class, combined their talents and time to provide the audience with an enjoyable night of vaudeville.

## *Instrumental Music Concert*

Scores of talented musicians led by one fabulous director can result in an outstanding band. Dick Holtman and his groups have earned many awards and great recognition for themselves and our school.

### *Mixed Chorus*

Muhlenberg students are provided with many opportunities for vocal expression. Mixed Chorus practiced many mornings with the new director, to develop diversified voices into a beautifully harmonious chorus. This group gave an impressive performance at the Spring Concert.

*A Varied and Harmonious Spring Concert*

## *Choral Groups Filled the School With Song*

### *Muhlaires, Muhlteers*

Vocal talent led many students into the rigors and joys of Muhlenberg's choral groups. They endured hours of practice and rehearsal to bring us fine entertainment throughout the year in various programs such as the Christmas assembly and the Spring Concert.

## *Senior Class Trip*

The senior class set a new precedent this year by visiting New York City on their class trip. A tour of the Bronx Zoo and the NBC Studios headed the agenda. This was followed by a series of entertainments at the Radio City Music Hall consisting of a current motion picture, the Rockettes, the Symphony Orchestra, and the Radio City Ballet Company.

## *Baccalaureate And Commencement*

Twelve long years of studying, and working, and waiting had come to an end. Just these two fine evenings and it would be all over. The seniors had a jumble of mixed emotions: glad that the hard work was past, saddened at leaving old friends behind, and deeply concerned at the prospect of an unknown future.

## *Awards*

On these four pages are the results of years of diligence, hard work, and a desire to make the best of inborn qualities. These people used their intelligence, talent, and ambition to bring recognition to themselves and to Muhlenberg.
